GRAY'S INN *Drinks* LIST

Drinks list

Our wine list has been created by vineyards that support our ethos to reduce environmental impact and deliver the highest social and environmental standards. We have indicated where the wine is organic or biodynamic.

We believe in creating a mindful drinking culture that respects individuals' choices and promotes a healthy, inclusive atmosphere where everyone feels comfortable and valued. This we achieve through providing quality alcoholic and non-alcoholic drink options. Within the list, we have shown the ABV (alcohol by volume) figure and if the wine is vegan (ve) or vegetarian friendly (v).
